Subject: Crosslands- Follow up

Hi Bob,

Bob, your presentation was "Great", you were well prepared and held everyone's attention. I am continuing to get emails of praise for your presentation and feel there was a lot of value in our bringing you in as a speaker. I am very interested to know how many people joined in on your free teleconference coaching call. Do you have a way to track that?

Please stay in touch as we would like to bring you back again.

Thanks so much for your hard work- I appreciate it so much!

Many thanks,

Dennis Burns
