To Whom It May Concern:

I am the President of Financial Horizons Group, a Managing General Agency (MGA), with offices throughout Canada. The company provides educational, technical and product support to over 2000 licensed life insurance agents in Canada.

Each year, Financial Horizons recognizes the Top 30 agents, in terms of New Sales Production, at a three day Educational Seminar. At this event, we bring in only the best speakers and motivators to give our agents a truly memorable experience.

In Sept, 2008, our "Elite 30 Conference" had the pleasure of welcoming Mr. Bob Davies, from Lake Forest, California. I had heard Bob speak in Rome, Italy in 2002 and I was so impressed with his message, I invited him to speak at our premier event.

I am pleased to say that Bob didn't disappoint! His message was very well researched, it was customized to fit our group and his ideas and tips for success were very applicable and useful. We will certainly have him back in the near future.

If you are an Agency Manger, or a Unit Supervisor or an agent that wants to grow their business, I urge you to contact Bob and meet with him. You will be very pleased you did!

Sincerely,

John H. Hamilton, CFP, CLU, CH.F.C.  
President
