Dear Bob,

I want to sincerely thank you for coming to Memphis to speak to our group. You delivered precisely what you promised – an engaging, relevant message that didn't just tell us how to improve, but compelled us toward specific action and accountability.

Your 1½ hour evening presentation on Thursday was truly riveting, as the ravingly-positive comment cards we received can testify. But Saturday's full-day event was really what "inked the deal" for those who attended. It took your powerful ideas and principles and systemized them into a life-changing action plan.

I'm inclined to say our experience with you was like "drinking from a fire hose". But actually it was more like having you show us exactly where our own fire hoses are, why we must tap into them, and how to dramatically change our own performance through drinking deeply.

Bob, your unique systems and methodologies have dramatically impacted the lives of many of our members. I am eternally grateful to you for the incredible value you have brought to our members while here. I sincerely hope we may have you return again some time in the not-to-distant future.

If you ever need any personal references in the future, you can count me in!

Sincerely and respectfully yours,
