Peter-

Thank you for your courtesy and consideration during our brief phone visit.

I wholeheartedly recommend Bob for your NAIFA meeting. I originally met Bob at our United Planners annual conference where he was the Keynote Speaker. He was excellent and well received.

I use Bob's help as a personal coach as he specializes in Financial Service professionals. I am extremely happy. He has spoken at our client events and I saw him at a Met Life East Coast Regional meeting before a packed ballroom.

At that event the electricity went off due to snow downing power lines. Bob not only handled difficult circumstances with grace and professionalism; he brought down the house!

Bob's insight and well conceived concepts will resonate with your members. He will make you look great for having him.

Please feel free to call me if you ant any more feedback.

Thanks,

Tony
