Subject: CD One Testimonial

We hired Bob Davies to be our keynote speaker in Chicago for our annual meeting of all our franchisees and store managers. We chose Bob because of his background in competing with negative influences and how that relates to providing a fantastic customer experience in hopes that our franchisees and store managers would take the valuable nuggets of info that Bob shared and translate them to providing a better experience for our customers. We could not be more happy with Bob keynote speech. He was engaging, funny, and clearly knowledgeable and we would recommend Bob for any keynote speech or for a program of any type where the goal is to drive positive behavior. If we could change one thing and something we heard from the audience as well, it would be to have his program last 2 hours instead of 90 minutes.
