Dear Bob,

I wanted to send a quick note to express my thanks to you for making me look like a hero and providing such a great main stage presentation. Our delegates were entertained, they were focused and learned a great deal from you. Your ability to tailor the message with real-time examples and tools our delegates use was outstanding and really helped drive home the message. I enjoyed your disciplined approach of focus and the ability you have to weave in humor and understanding at every turn. 70 minutes flew by and I am sure you could have went another 60 and still had them asking for more. Thank you again and I look forward to working with you in the near future.

Best Regards,

Jim DeLuca
